ENDÜSTRİYEL DİKİŞ MAKİNA APARAT VE SİSTEMLERİ  
THE ATTACHMENTS AND SYSTEMS FOR INDUSTRIAL SEWING MACHINES

**GENEL KATALOG**

1988 yılında başlayan imalatımızın günümüzde konfeksiyon sektörünün her alanında hizmet aşamasına gelmiş olmasından dolayı büyük mutluluk içerisindeyiz.

Başından beri amacımız kalite ve hizmette en iyiyi yakalamak olmuştur. Size ulaşan tüm ürünlerimiz titiz ve deneyimli ellerin çağımız teknolojisiyle birleşerek ortaya çıkardığı ürünlerdir.

Elinizde bulunan katalogumuz size, bu titiz ve uzun araştırmalar neticesinde ortaya çıkan ürünlerimizi tanıtmak amacıyla. Ne varki penyeden deriye, gömlekten kanepeye varan değişik sektörlerle hitap ettiğimiz ve her birinin çok fazla modeli ile değişik ölçüleri olduğu göz önünde bulundurulursa bunun zorluğu ortadadır.

Katalogumuzda mümkün olduğu oranda ürünlerimizi sergilemeye çalıştık. Ürün yelpazemiz yine de bunlarla sınırlı değildir. İhtiyaç hissedilmesi durumunda firmalar ellerinde bulunan numuneleri ve kumaş örneklerini bize yollayarak, ihtiyaçlarını en kısa sürede elde etme imkanına sahiptirler.

Temiz, düzgün, hızlı ve kaliteli dikiş hedefleyen sektörümüzde ilk ve tek seçenek olduğumuza inancımız tamdır.
